CYCLE,
the bike bags.
New for 2021

HALFAR

The new CYCLE series by HALFAR®.

ONE IDEA. TWO WHEELS. THREE BAGS.

Cycling is fun and one of the most environmentally friendly ways of getting around: Reasons why HALFAR® loves it and encourages it. And now it's practical too – with the new CYCLE range of bike bags.

Our idea: to make cycling trips, in the city or sport tours, even nicer whatever the weather with practical and smart-looking bags. And all three CYCLE bags have an irresistibly cool urban design. In the rain, they are well prepared with sealed seams and a watertight roll-up closure. To ensure that everyone can enjoy CYCLE, they fit every bike thanks to their intelligent holders. So: hit the pedals and off you go!
